### Accommodations

A block of rooms has been reserved at the Hyatt New Brunswick. Go to [www.NJSSAmeeting.com](http://www.NJSSAmeeting.com) to reserve a room at the special rate of \$149.00. Or call and ask for the New Jersey State Society of Anesthesiologist rate. The cutoff date is February 22, 2020.

### Resident Poster Competition

All New Jersey Anesthesia Residents are invited to present their research or medically challenging case at the 2020 NJSSA Spring Meeting. The Resident(s) will be expected to be present by their poster during scheduled break times during the meeting. A \$250 award will be given for the best research poster and for the best medically challenging case poster. Previously submitted non-winning posters are eligible for re-entry. Please submit a written abstract by **February 22, 2020**.

The abstract should include the author(s) name(s) and presenter(s) contact information. Easels, 3'x4' foam poster boards and thumb-tacks will be provided. Please submit abstracts by email to Stephanie Summers at [Stephanie@amg101.com](mailto:Stephanie@amg101.com). Winners will be announced at the culmination of the NJSSA Annual Meeting.

**Christina Chin, M.D., FASA**  
President

**Gregg Lobel M.D., FASA**  
Vice President  
Program Chairman

### ACCREDITATION

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of American Society of Anesthesiologists and New Jersey State Society of Anesthesiologists. The American Society of Anesthesiologists is accredited by the ACCME to provide continuing medical education for physicians.

The American Society of Anesthesiologists designates this live activity for a maximum of **4.75 AMA PRA Category 1 Credit(s)**<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

### DISCLOSURE

The American Society of Anesthesiologists remains strongly committed to providing the best available evidence-based clinical information to participants of this educational activity and requires an open disclosure of any potential conflict of interest identified by our faculty members. It is not the intent of the ASA to eliminate all situations of potential conflict of interest, but rather to enable those who are working with the ASA to recognize situations that may be subject to question by others. All disclosed conflicts of interest are reviewed by the educational activity course director/chair to ensure that such situations are properly evaluated and, if necessary, resolved. The ASA educational standards pertaining to conflict of interest are intended to maintain the professional autonomy of the clinical experts inherent in promoting a balanced presentation of science. Through our review process, all ASA CME activities are ensured of independent, objective, scientifically balanced presentations of information. Disclosure of any or no relationships will be made available for all educational activities.

## Statement of Need

NJSSA members are not fully aware of alternatives to current opioid prescription policies or how the increased stress of physicians and healthcare providers is affecting their own wellness and treatment of patients

## Target Audience

Physician Anesthesiologists, Residents and Medical Students

## Learning Objectives

Upon completion, participants should be able to:

- Understand the public health problem of perioperative brain health
- Discuss the risk of post-operative delirium and cognitive deficits
- Identify strategies to minimize post-operative delirium and cognitive decline
- Understand patient satisfaction and the positive impact it has on clinical outcomes, hospital finance, and the well-being of healthcare providers
- Learn the top predictors of patient loyalty and why effective communication is the foundation for the patient experience.
- Learn proven communication techniques that help physicians build trusting relationships with patients and families in a short period of time.
- Explain how anesthesiology has pioneered patient safety.
- Apply the risk management safety hierarchy model to patient safety.
- Explain how you can utilize the OK to proceed model in your daily practice.
- Discuss who and what is ASA and what it can do for you.
- Discuss advocacy efforts of ASA for 2020.
- Discuss member-focused initiatives and programs of the ASA.

**Please Register by  
March 6, 2020**
